

## **South Wedge Mission, Rochester**

The South Wedge Mission is a church plant jointly sponsored by the ELCA Upstate NY Synod and the Episcopal Diocese of Rochester. Modelled in many ways on House for All Sinners and Saints in Denver, this urban congregation has deep connections in its neighborhood, hosts a wide variety of programs and ministries, and appeals to folks who either were “none and done,” or who seek a different type of progressive worship and fellowship.

They are in the process of incorporating as an ELCA parish with strong Episcopal support. They seek an half-time interim to focus on administration, lay leader development, pastoral care, and strategic planning.

Compensation follows the Episcopal Diocese of Rochester guidelines. Full family healthcare and full SECA reimbursement. For more information, please contact:

The Rev. Virginia Tyler Smith

Director of Ministry, Episcopal Diocese of Rochester
